

Hallelujah! It's Time For Summer Reading!

Oh When The Ants Come Marching In

(By Stephanie Stokes, adapted from "When The Saints Come Marching In")

Oh when the **ants** come marching in
Oh when the **ants** come marching in
Kids you know the summer reading program
Is getting ready to begin

And when the **sun** begins to shine
And when the **sun** begins to shine
Kids you know the summer reading program
Is getting ready to begin

Oh when the **ants** come marching in
Oh when the **ants** come marching in
Kids you know the summer reading program
Is getting ready to begin

When the **library** sounds it's call
When the **library** sounds it's call
Kids you know the summer reading program
Is getting ready to begin

Oh when the **ants** come marching in
Oh when the **ants** come marching in
Kids you know the summer reading program
Is getting ready to begin
